7.5 tonne horsebox, has just been serviced and plated until August 2012. Open to any mechanic.

Super reliable and was converted in 2006 by Peper Harrow Horseboxes but was used as a company vehicle prior to this and converted by the owner as he knew it had been looked after.

Partitioned for three herringbone. Living area has table, seats with under storage and luton sleeps two. Tack cupboard and wardrobe for jackets etc. Skirt lockers and wash down hose.

In very good condition with low mileage of 165,000 kms
