More details can be found on the Area 11 website at: <http://www.brcarea11.org.uk/>

TEAM ELIGIBILITY - FLU CERTIFICATES *IMPORTANT*

Please note that for the BRC National Championship qualifiers, your horse must have a valid flu certificate which means that the dates of vaccinations must comply with the following:

- Horse must have had its first two vaccinations at least.
- The second vaccination must have been given between 21 and 92 days after the first one.
- There must be a third vaccination given between 150 and 215 days after the second one.
- Thereafter, the horse must have had booster vaccinations at intervals not exceeding one year (12 months).
- The horse **must not** have been vaccinated **within the 7 days preceding** the competition.

If there has been a gap/lapse in meeting the above timings for the injections, even if many years ago. Unless, you have your flu injections re-started and meet the above rules, you will be ineligible to represent the Club at Area team competitions – qualifiers and also to compete at the Championship events.
